We are feeling mighty old! Until we stop and count up the years on the fingers of several hands it seems only a little while ago since we showed him the type-lice and introduced him to other interests and intricacies of the art preservative down in the old Herald office in the rear of the Joe Huesser Cafe building. He was only a kid then—young and neither grave nor dignified! But Friday a card comes to his father, Aug. Kempf, from his son, Joe F., of San Antonio announcing that a fine boy was born at 12:30 A. M. June 16, 1927, to Mrs. Leonard N. Lewis. This makes Mr. and Mrs. Joe F. Kempf, parents of Mrs. Lewis, grandparents and our fellow townsman, August Kempf, Great Grandpa. DECEASED.

Mrs. Johanna Heickmann, nee Broers, was born Feb. 15, 1848, in Moorlage, Kreis Anrich, Ostfriesland, Germany, and died June 10, 1927, in the home of her daughter, Mrs. Rolf Bohmfalk, in Hondo, at the age of 79 years, 3 months and 25 days.

In 1849 she came with her parents, Folkert and Meta Broers, one brother, Friede, and one sister, Antke, from Germany to Texas and made their home for a short while in Gonzales, where after a few months the father died. The mother with her 3 children moved later on to Quibi and was there married again to a Mr. John Saathoff.

On May 5, 1866, the deceased was married to Mr. Ludwig Heickmann, with whom she lived a happy life for 43 years. Her husband died June 4, 1909. Out of this union came 7 children, 3 of whom preceded their mother in death. The children still living are: Mr. Dietrich and Mr. Louis Heickmann and their families of Somerset, Mr. John Heickmann and his family of New Fountain, and Mrs. Rolf Bohmfalk and her family of Hondo. Besides these children, she leaves 23 grand-children, 8 great-grand-children, 2 brothers, Mr. Friede Broers, who for many years has been a local preacher in the New Fountain Church, and Mr. F. J. Saathoff, and 2 sisters, Mrs. Valentin Hardt and Mrs. Mimke Gronewald.

In her early womanhood Sister Heickmann was happily converted and on Jan. 29, 1865, she joined the Methodist Church, of which denomination she was a faithful member until her death. The deceased loved her Savior and her church, and her greatest joy was to be with the children of God in the Tabernacle of the Moot High. It was my privilege to visit Sister Heickmann quite often during her sickness and she always enjoyed when I prayed with her. I never heard her murmur or complain, but she was always happy in her Lord and ready to go when her Master should call her.

The last 14 years she made her home with her daughter, Mrs. Rolf Bohmfalk, who did all she could to make the last years of her mother as happy and as pleasant as she could; especially did she during the long illness of her mother nurse her with the tenderest care and greatest love.

The writer of this sketch conducted the funeral services. After having a short service on Sunday morning in the home of Bro. and Sister Bohmfalk in the presence of some relatives and friends, the remains of the deceased were then taken to Somerset, where upon her wish they were laid to rest at the side of her husband. At 3 o'clock that afternoon the main services were held in our church in Somerset, where the writer had the privilege of speaking to a large audience. Also Bro. B. Y. Dickinson, our pastor in Somerset, took part in the services. Her grave was covered with many beautiful flowers.

Mother Heickmann is home now. She will be missed here by her loved ones and also by the New Fountain congregation, but our loss is her gain. May God grant that we all meet her again in the land beyond, where we will not be separated anymore.

REV. ROBT. MOERNER.

MONTHLY CLEAN-UP DAY.

In order to preserve the health of the community and beautify the town, it has become necessary to have a monthly clean-up day for the months of May, June, July and August.

June the 22nd has been designated as the second clean-up day.

All householders and landlords are urged to clean up their premises, their business houses and their surroundings.

Burn all the trash possible and rake the rest up and haul it to the dump ground.

Those owning vacant lots are urged to have the weeds mowed.

Landlords will confer a favor by instructing their Mexican and Negro tenants to clean their premises.

Earnest co-operation by all will make Hondo a town of beauty as well as of healthfulness.

MISSIONARY SOCIETY PAYS TRIBUTE TO DECEASED MEMBERS.

Resolutions.

Whereas, it has pleased our Heavenly Father to take from our midst two of our oldest and most beloved members, Mrs. Melbie King and Mrs. Fannie Fly, to dwell with Him; And whereas through all the years in our midst they have abided as a blessing and inspiration to their families, their Church, and friends; Be it, therefore, resolved by the Missionary Society:—

1. That we deeply deplore the loss sustained by their death, and do hereby tender our heart-felt sympathy to the bereaved families; and pray the blessings of God upon them in their hours of sorrow;

2. That we shall ever consider it a privilege to have been associated with them, and feel that our loss is Heaven's gain;

3. Furthermore, be it resolved that we spread a copy of this on our minutes, publish one in the local paper, and send copies to the families.

Respectfully submitted,

MRS. J. G. NEWTON,

MRS. OLIN E. LACY,

MRS. W. S. EZELL,

Committee.

A Tribute.

Two more saints in heaven above
Wearing stars in their golden crowns
With a halo of light like our Savior's love
On the earth below shining down.

Two more saints in their heavenly home
With golden harps in their hand
On earth the sweet sound of their voices come,
As they sweetly sing in that fair land.

The beautiful hymns they sang below,
"Amazing Grace", "O Happy Day",
"Onward Christian Soldiers", "On For a Tongue to Sing His Praise".

Two more sweet saints in Heaven
With loved ones gathered near
Around the great white throne their welcome given
To these two saints so dear.

There are many dear saints in the better land
Many sorrowing loved ones here far away
But they are waiting to greet us with outstretched hand
To welcome us home some happy day.

PREACHES HIS FIRST SERMON IN HONDO.

Joe Harvey Wilson, son of Mr. and Mrs. Isaac Wilson, preached his first sermon in his home town and the third of his ministerial career at the Hondo Baptist Church last Sunday night.

Joe has been a student of the Southwestern Methodist University at Georgetown for the past two terms and has just recently decided to become a preacher. The announcement that he would fill the pulpit Sunday night brought out an unusually large audience, many of his former High School schoolmates of varying faiths being noted in the audience.

He agreeably surprised his hearers by the ease and confidence with which he handled himself in the pulpit for one as yet so lacking in experience. And his appeal to his hearers to accept Christ as "the light of the world" showed the earnestness of purpose that betokens the real servant of his spiritual Master.

Joe Harvey's friends, regardless of denominational bias, were pleased with his efforts and all wish him God-speed.

MEETING PROGRESSING NICELY.

The protracted meeting which began last Sunday at the Baptist Church is progressing nicely with good crowds at both morning and evening services.

Rev. Kermit T. Melugin, pastor of the Baptist Church at Gulf, Texas, is doing some forceful preaching and the singing, led by Joe Harvey Wilson, is bringing out the best vocal talent of the town and is an inspiration to all lovers of good singing.

Pastor Brown informs us that the services will continue throughout all of next week at the regular hours, and the public is cordially welcome at all the services.

THAT OFFICE ANGEL.

If you note any decided improvements in the Anvil Herald it is because the paper has something new on its force and something it has always needed and never had before in its almost fifty years of existence—an office Angel.

Oh, yes; of printer's devils we have had a plenty!

And some folks think the boss editor's chief function about the office is to raise the devil!

And he tries to live up to the expectations of his "friends"!

But the office has its office Angel now.

Any improvement will be to her credit; any deficiencies will be due to the boss taking her presence as a license to loaf on his job.

The editor's daughter, Anne, arrived home from school Sunday, and being obsessed of a desire to study journalism—although still deficient in a knowledge even of type lice—she decided to matriculate first in the University of Hardknocks and acquire a foundation of practical experience and knowledge. Accordingly she took a position in this office Tuesday.

She has worked almost three days at this writing without so far having expressed any REGRET at having LEARNED the trade.

Perhaps it is because her dad was a school teacher before he was an editor and Anne has never done anything else but go to school and she thinks it will be as easy to fool a hardboiled editor in Hondo as it was the good sisters down at Our Lady of the Lake College!

My but won't she be surprised!

At any rate, she has plenty of nerve to tackle the game, and if she succeeds in making us enough money to send her to a school of journalism without at the same time convincing us that we can never do without her again long enough for her to leave us for a term of school she will have succeeded at the task to which she has set herself.

Won't you wish her SUCCESS? Wish it at least a \$1.50 worth! Now is the time to subscribe.

HELP THE SCOUT BOYS.

In our issue of May 21st, we carried a notice to the effect that the Boy Scouts were to earn money during vacation to pay their camp fees. Knowing the Boy Scout's desire to come up to expectations and knowing the difficulty of securing employment, we offered any one who wanted to do so the job of soliciting Story Club Subscriptions for Farming on a fifty-fifty basis.

These Story Club subscriptions are sold for 25c and mean that the subscriber gets all the numbers of our new story "Men Marooned", a thrilling adventure story of the far North, after which Farming promptly stops.

Several of the boys reported for work and the first day Thomas Reynolds and George Wilson each turned in four subscriptions each and Russell Speece two. We do not know how many have fallen out or who is still on the job, but the offer is still open to any member of the Boy Scouts any where to solicit and receive these Story Club Subscriptions at 25c each.

Remember when you pay one of them a quarter, you are paying us 12½c toward the expense of introducing our journal, and the boy 12½c towards earning his camp fees, and you are getting in monthly installments all the contents of a thrilling novel that in book form would cost you from a dollar to two and a half, and all the other interesting matter contained in our magazine.

We are doing something for the boys; suppose you do something. Ring one of them up and tell him to come and get your quarter.

TO MY PATRONS AND FRIENDS.

I herewith wish to announce that I will open up for business in my new place Saturday, June 25.

I also wish to thank the public in general for their patronage in the past and assure you all that it will be kindly appreciated in the future.

Respectfully yours,

M. RATH,

ANNOUNCING ENGAGEMENT.

Announcement of the engagement and approaching marriage of Miss Thelma Young and Frank Jungman was made Tuesday afternoon at a smart bridge tea, which had as joint hostesses, Mrs. Sam E. Smith and Mrs. Marguerite Collier Palmer, at the home of the former, 821 Sul Ross Avenue. The wedding is to take place the evening of June 22 at the home of the bride's parents, Mr. and Mrs. R. L. Young, 3505 Burlington Avenue.

The bridge players gathered in rooms most inviting in their garniture of smilax, sweetheart roses and pastel hued summer flowers. After games were over, trophies were awarded which echoed the delicate shades featured, and additional friends joined the group for the tea hour. At this time the secret was revealed in the decoration of the trays on which the dainties were passed, each being centered by a miniature bride and groom holding a ribbon-tied scroll on which the announcement was traced. Ices were frozen in the form of bridal emblems and little cakes embossed with orange blossoms and mints and confections with the final sweet course, all echoed the bridal note.

Out-of-town guests coming for the event included the groom-elect's mother, Mrs. P. Jungman, of Hondo; the bride-elect's sister, Mrs. George McGonicle and small son, Lee Young of Brownsville, who are to remain until after the wedding and Miss Maude Richardson of Beaumont who is also remaining at the Young home until after the wedding.

The bride-elect is a graduate of the University of Texas and did post-graduate work at Rice Institute and the groom-elect is a graduate of Rice. Miss Young did the honors of Texas as a princess of the state at the Cotton Palace, by appointment of Governor Pat Neff during his term of office, and has been a popular member of the younger set. The wedding will be of statewide interest.—Houston Chronicle.

QUIHI NOTES.

Sunday School, Bible Class and Divine Service at Bethlehem Lutheran Church respectively at 9 and 10 o'clock Sunday morning. All are cordially welcome.

If weather and road conditions are favorable Sunday night, divine service in the English tongue will be held in the Lutheran Church at 8 o'clock. In this event bring your English hymn books along. All are invited to come.

At a congregation meeting last Sunday it was decided to fully repair the damaged old church. The vestry of the church, supplemented by three members, have this matter in hand and will hasten the repairs as rapidly as possible.

A very fine and interesting program was rendered by the Quihi Luther League in Bethlehem Lutheran Church last Sunday night to a large and appreciative audience. Mrs. Henry Schuehle presided at the organ in her kind and efficient manner while the church choir rendered several classic selections. All the rest of the scheduled numbers on the program, literary and musical, were also rendered well and were both interesting and instructive. Rev. H. A. Heineke of the Hondo Lutheran Church climaxed the program with a brief address, both timely and interesting.

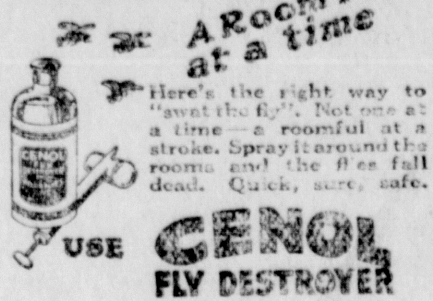

The national birthday, the 4th of July, will be celebrated here this year in the Henry Boehle grove. The Luther League appointed the following committee to make the necessary arrangements: Mr. Alfred Boehle, chairman, Messrs. Arthur Grell and Rolf Saathoff, Mrs. Albert Mumme and Misses Bertha Oefinger and Emma Nietenhofer. An interesting musical-literary program is in the making and the customary plays and games will be arranged and an abundance of choice refreshments provided. The object of this celebration is to afford the people of this community and their friends an opportunity to spend a day in the open together and pleasantly.

The members of the Quihi Lutheran congregation will have a meeting Sunday immediately after the morning service. All are urged to attend.

Attention is called particularly to
one paragraph in the W. H. Windrow
ad this week. Mr. Windrow an-
nounces that he has the Snake-Bite
Serum in stock. This is a new reme-
dy for this deadly peril, but it seems
to have proven an effective one when
applied in time and at least two
Medina County people owe their lives
to its use. We call attention to this,
not to encourage any one to purpose-
fully go out and get themselves snake-
bitten, but to remind the friends of
any so unfortunate as to suffer such
a disaster that the remedy is avail-
able at their home-town drug store.
In connection, we wish to add that
the Windrow drug store ad has been
a regular feature of the Anvil Her-
ald for years and it sometimes con-
tains the most valuable information
to be found in the paper.

ELECTRIC BOLT DEAFENS GIRL.

Miss Alice Herzog, who is ill in San Antonio, is greatly improved, her mother, Mrs. A. Herzog, reported upon her return Sunday from a visit with her.

Miss Herzog about 10 days ago was deafened in one ear when an electric bolt hit a telephone wire and transmitted the loud sound into her ear. Miss Herzog works for the Del Rio and Western Telephone Co.

She went to the Medical Arts Hospital in San Antonio to have her ear treated. Now her left side is paralyzed and she has been in a serious condition. Last week she suffered a great deal, but at the present time her mother says she is not suffering so much and seems to be greatly improved.—Del Rio News.

DIED.

Mrs. Mary A. Slaton, nee Bourquin, died at her home here Thursday afternoon, June 9, 1927, after a lingering illness, aged seventy-seven years, and was laid to rest at St. Louis Cemetery after a Requiem Mass on Friday morning, Rev. Father Heckman performing the last sad Rites. Deceased was twice married. Her first husband was Mr. Emil Halbardier who preceded her many years ago. This union was blessed with two daughters. Later she was happily married to Mr. James A. Slaton, who also preceded her in death years ago. Besides her two daughters, she is survived by a number of grandchildren, one brother, and four sisters, and a large number of other near and dear relatives to mourn her demise. A good lady has gone to her last reward.

200 STRICKEN AFTER BARBECUE.

Wholesale Illness Believed Caused By Salads at Church Benefit.

LaCoste Monday had 200 patients who became suddenly ill with a malady similar to ptomaine poisoning four hours after the populace and visitors from the entire countryside ate a barbecue dinner Sunday. The dinner was contributed by parishoners of St. Mary's Catholic Church and was given as a benefit. In addition to meat, the menu consisted of a variety of salads.

Physicians who were called to attend the sick gave it as their opinion that the wholesale illness was superinduced by poisoning which resulted from leaving salads in improper containers too long.

Dr. Godfrey, the only LaCoste physician, was among the first stricken with the malady and a call was sent to Castroville, Hondo and Lytle for medical assistance.

Among those taken ill were a number of San Antonians who had gone to LaCoste to attend the dinner.

Gus Keller of LaCoste said Monday night that not less than 200 had become ill after eating the dinner. He said all were out of danger, although a large number were very seriously ill for a time.

When news of the plight of the citizens of LaCoste reached San Antonio the city health department proffered aid, but was told that everyone had been cared for and further assistance was not needed.—Tuesday's Express.

Men Marooned

By GEORGE MARSH

The human narrative carries the plot and is, of course, the main thing, but it is rendered immensely more interesting by the story of two dogs—one an Airedale veteran of Flanders fields, the other an Ungava lead-dog which holds the trail through blizzards and the ark of starless nights.

Dried-Out Bowels Hold Malaria in Your System

If malaria is in your system, the only way to get it out without torturing and upsetting yourself is to take Dodson's Liver Tone to clean out all the hardened, dried-out accumulation of bile in the liver and bowels, and carry the germs out with it. Never take calomel. That's wrong. Calomel is mercury—a dangerous drug. It jars the liver and cleans constipated bowels, that's true. But it sates you—makes you sick and you lose a day from your work. It stifles the muscles of the bowels so they can't all. Dodson's Liver Tone cleans out good so the liver is free. The malaria germs out of your system and the bowels can carry the germs out. Before you realize it the chills and fever stop. Malaria is gone. Get the big bottle of Dodson's Liver Tone from your nearest drug store. They all have it. Keep it in the house so you will have it handy to take it the first time you feel it. It nights before you go to bed.

IT RAINED AGAIN.

Following an extremely hot day Monday a blustery wind and thunder storm came up about nightfall. After a rather strong and prolonged blow the wind measureably settled and a slow rain began falling and continued throughout the greater part of the night. There was a total precipitation of 1.34 inches, practically all of which soaked into the ground. This rain, coupled with that of some eight or ten days ago, puts a fair season in the ground and is proving greatly beneficial to crops that were not already too far gone.

FOUR NEW TESTS BY WITHERSPOON IN MEDINA COUNTY.

Witherspoon Oil Company Monday was spudding in the No. 3 Nixon in Survey 119, located 150 feet west of the No. 2 which has been running wild but is now pretty well closed in and making very little gas. It is expected that when the No. 3 is completed it will relieve the gas pressure to such an extent that it will be possible to get the tools back into the No. 2. Loose gravel in the No. 2 that continued to cave in has been one of the chief difficulties thus far.

About 1,000 sacks of cement has been used in the No. 2 Nixon, several tons of Baryte, a good many tons of mud and this has weighed the gas down.

Witherspoon has resumed drilling in the Bader No. 1 in the northeast end of the Adams gas field and Sunday night was at 780 feet. Preparations are also being made to start the No. 3 Adams in the east end of the field due west from the Western Gas & Fuel and C. E. Lange's No. 2 and 400 feet from the east line of the Witherspoon lease.

Witherspoon has made locations and is preparing to start two other tests in Medina County at the west end of the field. The L. J. Schmidt No. 1 is in the northeast corner of survey 526 and is 800 feet from the north line and 400 feet from the east line of the survey and approximately 4,887 feet southwest of the Nixon No. 2 in survey 110. Location has also been made for the No. 1 J. P. Nixon Survey 527, located 800 feet from the south line and 400 feet from the east line of that survey.

According to the records of the Witherspoon Oil Company office the No. 1 and No. 2 J. P. Nixon in survey No. 119 are on a south extension of the east line of survey 120 which brings thh No. 2 Nixon on the line between surveys 119 and 63. Witherspoon is also making the location for another test in the Southwest part of the Adams gas field. The company has leases on one of the biggest blocks in the Adams gas covering the southwest end of the proven territory and for more than a mile southwest of the No. 2 Nixon. —Tuesday's Express.

C. W. Simpson in Medina County, No. 1 Blocker, southeast of the Adams gas field is drilling close around 1,000 feet. Rain the first of the week made it impossible to haul fuel and delayed drilling for a day. —Saturday's Express.

Golden West Oil Company has purchased the Gibson Oil Corporation 50-acre lease in Medina County in the Ina Field, on which there are four producing wells at 950 feet. The consideration has not been made public. The property has already been transferred.

With the transfer of this property to the Golden West, the entire Ina field is now owned by the Golden West, Magnolia Petroleum Company and the Texas Company and Arnett Oil Company. Golden West some months ago bought the Eastham & Tarver property with two producing wells and has six of its own that it drilled giving it now 12 producing wells in the field. Magnolia has six and Texas Company one and Arnett Oil Company two. —Saturday's Express.

C. W. Simpson in Medina County was drilling at 1,160 Wednesday morning in the No. 1 Blocker in hard shale after having gone through about one and a half feet of sand, a few feet farther up. —Friday's Express.

BIG BARN BURNS.

A big four-room barn belonging to W. M. Saathoff in the upper Verdina community caught fire from some unknown cause Saturday and was entirely destroyed. About 240 bushels of oats, forty bushels of corn, and a lot of harness and other contents of the barn were also lost.

Mr. Saathoff estimates his loss at \$1,400.00 and carried only \$300.00 insurance. The insurance is in the Farmers' Mutual Fire Association of Castroville.

Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

A TONIC

Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

Grove's Tasteless chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 60c.

These cars stand up!

EVERY General Motors car is built to represent General Motors quality and value throughout its life. Whether its potential mileage is to be used up by one owner or several owners makes no difference.

That is the reason for the high resale value of the current series of the General Motors cars. It is also the reason why USED General Motors cars offer real opportunities.

General Motors dealers are dependable merchants and will give you, if you wish to buy out of income, the advantage of the low rates of the GMAC Plan of time payment.

The price ranges of the new General Motors cars are given below. Pick out the car which interests you most. Then clip and mail the coupon. We want to tell you all about that car and also why General Motors cars, used or new, offer real value to their purchasers.
